Hi Jess,

Tuesday, January 23rd at 7pm is our Mayor's State of the District. This is a yearly event he hosts so that he can update his constituents. Since you are now our liaison, it would best if you could attend. Each year, LASD does a short presentation as part of the Mayor's presentation about the crime statistics in the City. Attached in this email is a template for you to use and update comparing 2016 and 2017 Part 1 and Part 2. Feel free to make any edits or add additional points to discuss.

One of the things the Mayor is requesting that is new this year is a comparison of crime to surrounding communities on a per capita basis. Unfortunately, 4 bergs in 2016 – for example – doesn't really provide us with an understanding of how this might compare to the neighboring city of Duarte. Analyzing on a per capita basis would provide us an understanding of how we compare to neighboring cities, as opposed to just spouting out others' crime stats, which of course would be higher since they all have a higher population than Bradbury.

Hopefully this makes sense.

Please let me know if you have any questions.

Thanks,

Kevin

Kevin R. Kearney
